Docket No. 98N-1265 99 APR 27 A9:52  
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I heartily oppose this draft

M.O.U.! I have found great help in  
using the compounded prescription  
which my doctor says I should use  
and which I obtain from a <sup>specialty</sup> compounding  
pharmacy out-of-state. My compounded natural  
hormone medication has made the effects of  
menopause a much easier process,  
which directly affects my quality  
of life and those around me. I object  
to any change at all! I am also a  
well-informed layperson about my  
own health, and in cooperation  
with my doctor have carefully  
worked out a health regime  
which it is imperative that I  
maintain exactly as it is.

Please fold, seal, and mail by June 1
